## Louisiana Architectural Firm Celebrates Firm Growth for 2026

Newman Marchive Incorporated (“NMI”), Architects/Building Environmental Consultants, are celebrating ongoing and exciting growth in 2026. NMI’s current President, Lauren F. Marchive, III, announces that as of January 1, 2026, he and partners Mike Newman, Brady Henderson and Franco Zaragoza have amended the firm name to include all principals within the firm –

### **Newman Marchive Henderson Zaragoza.**

Brady Henderson, as Vice President of Environmental Services, manages all NMI environmental projects with his over 15 years of extensive experience in project management, logistics, environmental awareness, financial planning, research and data collection, all of which complement his extensive experience in environmental and regulatory compliance. He has served as asbestos and mold project supervisor/air monitor on greater than 1,500 firm projects, as well as being on-site project coordinator of many abatement and demolition projects for various college campuses and commercial buildings (many multi-story), and has also worked as management planner with schools and universities throughout Louisiana to ensure environmental compliance with the Asbestos Hazard Emergency Response Act. Brady is certified with LDEQ since 2009 as asbestos inspector, supervisor and management planner, since 2010 as lead-based paint inspector and risk assessor, and since 2016 is certified with AARST-NPP as RADON Measurement and Mitigation Provider/Inspector.

Brady’s Civic and Professional involvements include:

- American Association of Radon Scientists and Technologists-National Radon Proficiency Program (AARST-NRPP)
- Boy Scouts of America
- Trinity Heights Baptist Church

Franco Zaragoza brings his 20 years of expertise to designing and managing existing rehabilitation projects, school renovations, commercial, mixed-use, market-rate and affordable residential projects, bringing his skill and design talent to varieties of project types collaborating with multiple organizations and agencies. Franco optimally incorporates creativity with sustainable design into all projects to yield a healthy environment and energy-efficient building in his role as a LEED AP.

Franco’s Civic and Professional involvements include:

- More than 12 years as a Principal
- AIA Louisiana Housing Committee
- President of AIA Shreveport 2024 and 2025
- Board Member of Revitalize Historic Highland
- Volunteer of Junior Achievement of North Louisiana
- Member of First Baptist Church Shreveport
- Bachelor of Architecture, California Polytechnic State University
- U.S. Green Building Council – LEED Accredited Professional

**Newman Marchive Henderson Zaragoza** will continue working together providing innovative solutions for their clients as they have over the last 5 decades. The partners continue to enjoy the challenge of helping their clients build their future.
